Join us online and see national gun rights leaders and your fellow grassroots activists at the 35th Annual Gun Rights Policy Conference (GRPC 2020) virtual and online. This is your once-a-year chance to get an insider’s look and pro-gun rights strategies for the coming year.

For the first time in its 35-year-history, the annual Gun Rights Policy Conference hosted by the Second Amendment Foundation and Citizens Committee for the Right to Keep and Bear Arms will be a virtual online.

Since the first GRPC was held in Seattle in 1986, the event has evolved from 20 speakers and 70 attendees to more than 90 speakers and 1,100 attendees in 2019. The GRPC has become a “must attend” event for gun rights advocates and grassroots activists across the country. This year we anticipate having nearly 100 gun rights speakers.

This year’s theme is ReElect Freedom, and we will provide updates on confirmed speakers and the multi-media platforms where you can join with us Sept. 19 and 20.

We are living in extraordinary times and the decision for the conference to be virtual and online was made after carefully analyzing and considering all of the circumstances. Given the current COVID-19 environment and constraints on travel, as well as the inability of our reserved hotel to accommodate us, we will make this year’s virtual online GRPC the most important and memorable event of 2020. Together we will all keep the Second Amendment great.

Sign up today so you can get the latest information about the agenda and how to live stream the event.
